Implementos de las marcas de John Deere y Moline, y carros de las marcas John Deere, Bain y Mitchell. Si Ud necesita algo de esto, venga a ver este surtido antes de comprar en otro lugar. Aceptaremos Bonos de Libertad a su valor nominal.

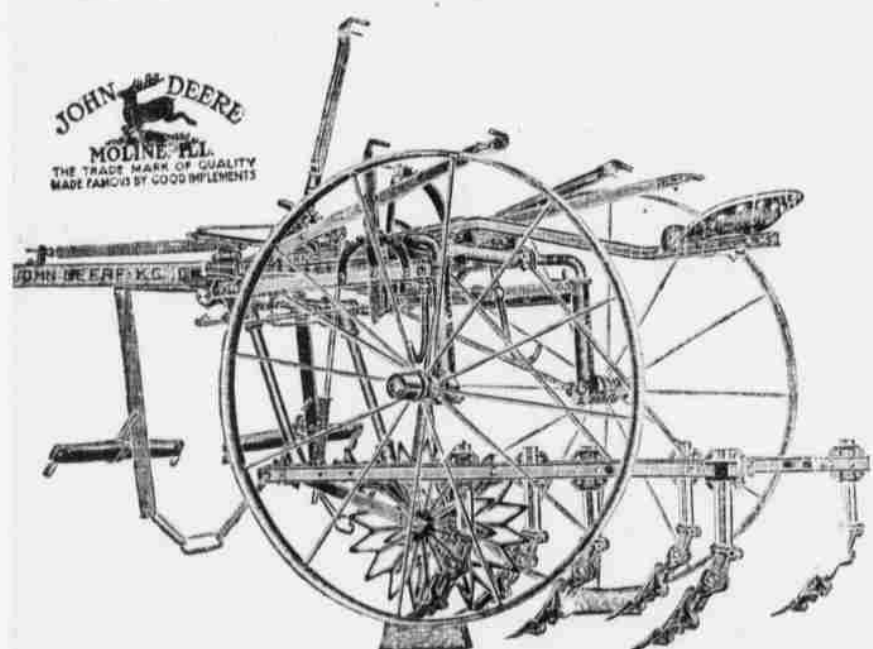

NEW DEERE SULKY PLOW

This wheel plow has stood the test of years and still leads in its class. Strength is one of the principal foundations of this plow. The beam and frame are built to stand hard work. Suitable bottoms may be had for all kinds of soil and with the right shaped moldboard perfect scouring is assured. The foot-lift will prove a valuable addition in any field. With the lifting spring adjusted, only a slight foot pressure is necessary to raise the plow. In stony or rooty ground, the locking device may be so adjusted as to allow the plow to hang loose in the frame. Prices from **\$47.00 to 74.00**

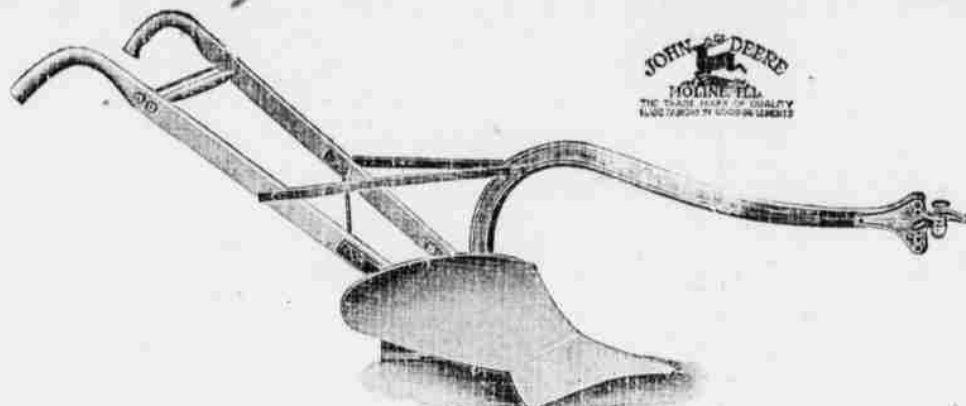

JOHN DEERE LISTERS

We have both walking and riding listers. These have proven themselves the best for general work. The bottoms are standard and moldboards and scour perfectly. Seed is dropped in soil loosened by sub-soiler and covered by shovels or discs. Wheels are justable to width of 30 to 40 inches. A first-class implement in various styles. Priced from **\$18.50 to 85.00**

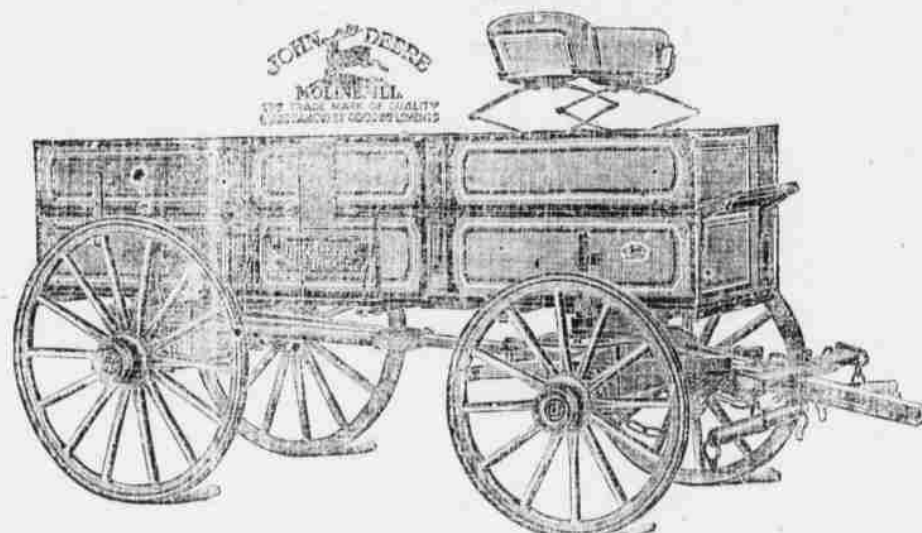

JOHN DEERE RIDING CULTIVATOR

The frame is of high carbon channel steel, braced and riveted, making it the strongest on the market. By means of the close hitch team is easily handled, and small space required for turning. The wheels may be set at various angles insuring the best results. In various styles from **\$28.00 to 65.00**

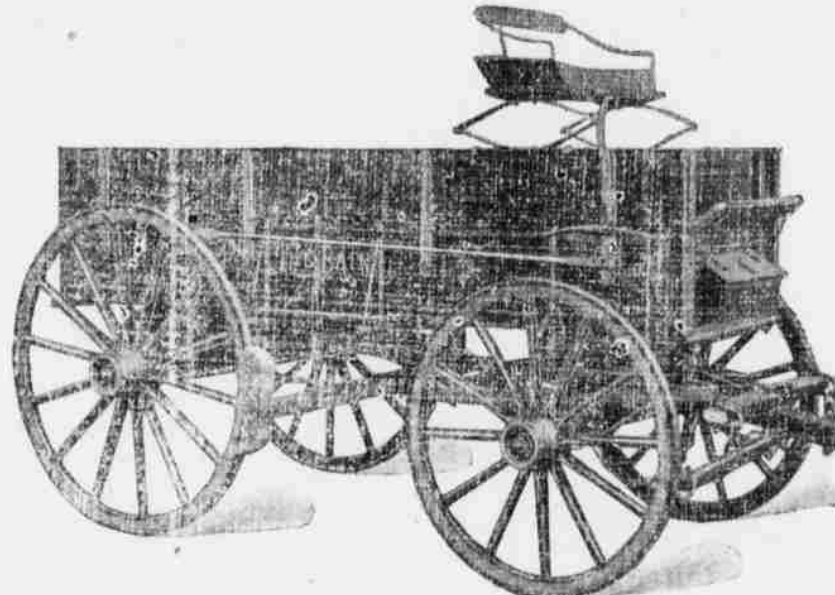

TEXAS RANGER-BLACK LAND PLOW

Crucible quick detachable share. Medium land slide. Hardened soft center steel moldboard. Double-headed steel beam. Their strength and excellent scouring qualities, due not only to the material used in them, but to their shape as well, make them easily the most perfect steel plow for those peculiar soils where so many plows fail to scour. We have them in 7, 8, 9, 10, 11, 12, 14 and 16-inch sizes, from **\$7.00 to 27.00**

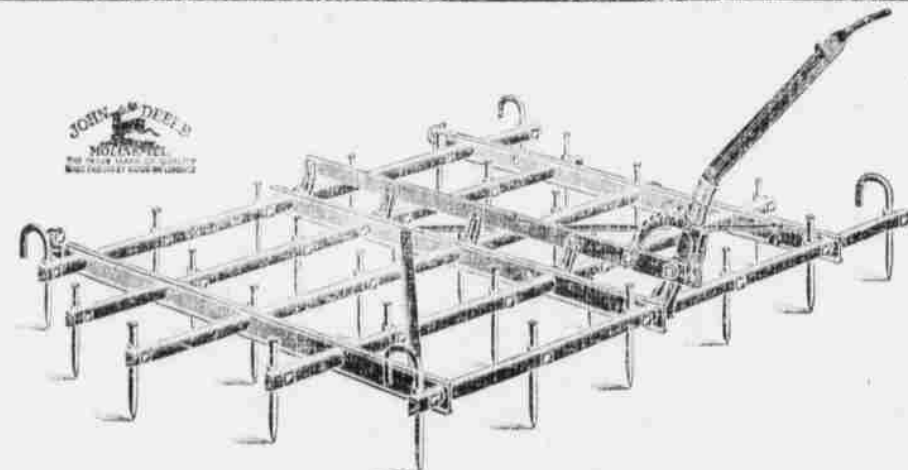

JOHN DEERE FARM WAGON

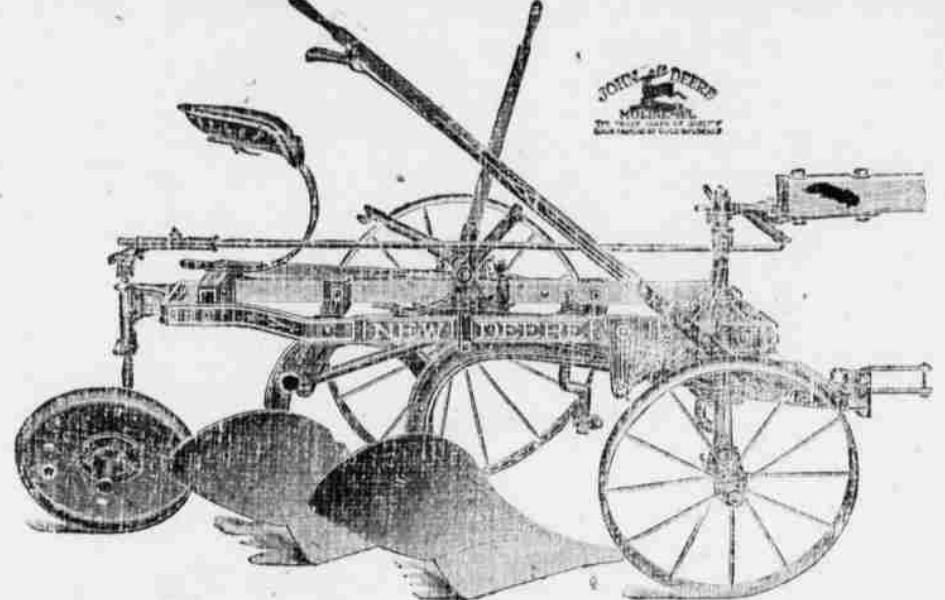

THE BAIN MOUNTAIN WAGON

Two of the best wagons for this country and climate. We can supply your wagon wants, no matter what they may be. We can sell you a wagon that will suit your needs at prices ranging from **\$85.00 to 160.00**

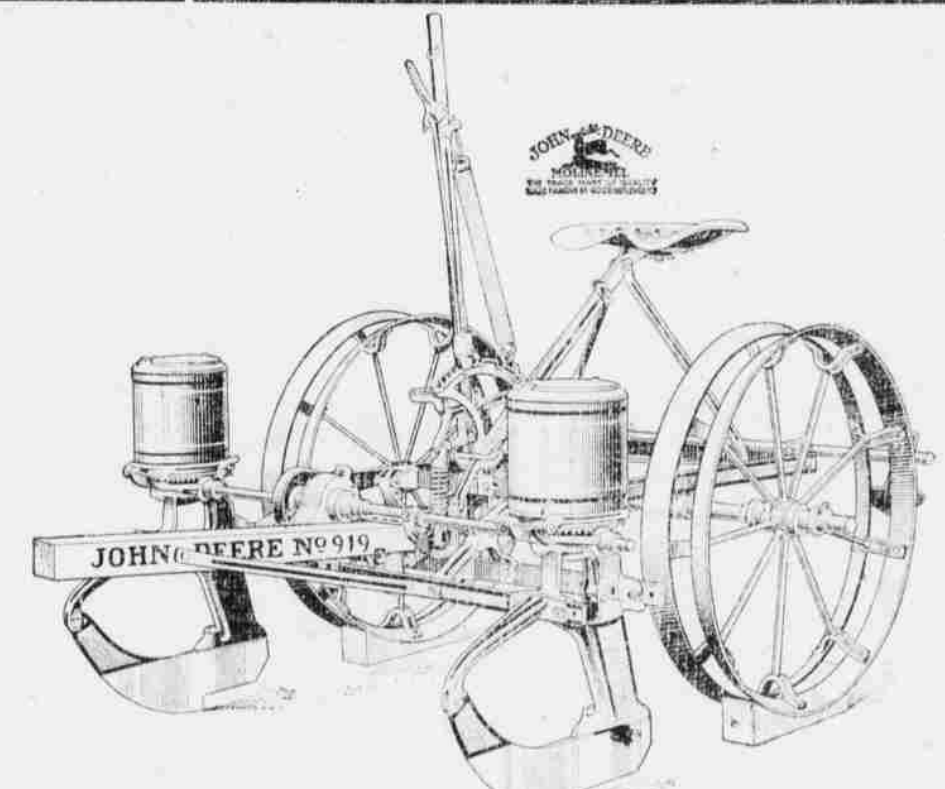

AJAX STEEL LEVER HARROW

In this harrow the teeth are spaced and arranged on the bars so as to cover the ground thoroughly and not to track with each other. They can be pitched forward to penetrate and pulverize, or slanted backward for smoothing or clearing themselves. A splendid implement which will appeal to every wide-awake farmer. From **\$23.00 to 27.00**

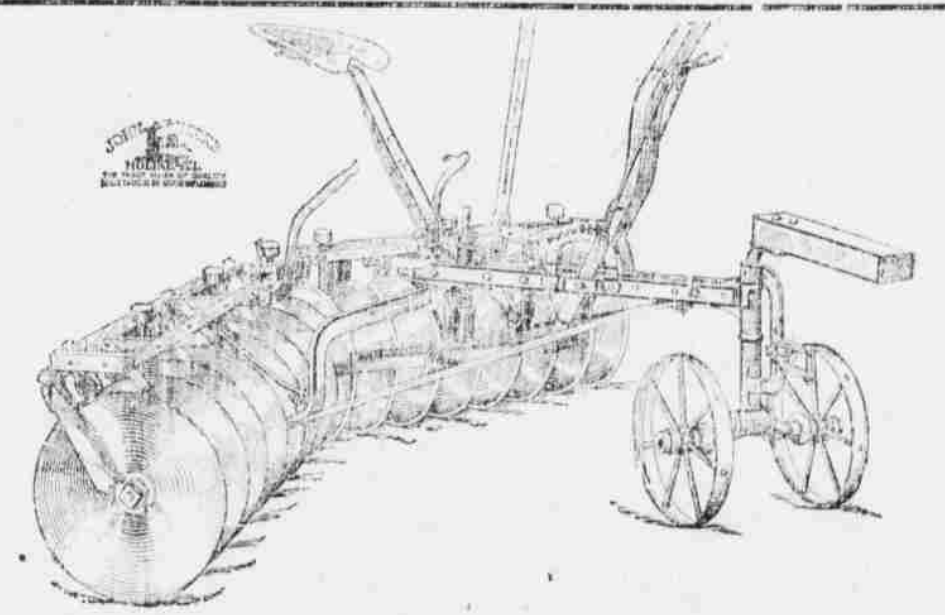

LIGHT DRAFT NEW DEERE GANG PLOW

This plow has all the advantages of our New Deere Sulky Plow. Choice of bottoms for any kind of soil. Quick detachable Shares--Strong Beam, solid steel frame raising and lowering device. Plow may be locked in the ground or allowed to hang loose to avoid rocks and roots. Both footlift and hand levers are provided. A first-class implement for first-class farmers. Prices range from **\$85.00 to 112.00**

JOHN DEERE CORN AND BEAN PLANTER

This planter has proven a success in this part of the country both for Bean and Corn Planting. The gears are enclosed in a dust-proof, air-tight case. The dropping mechanism is simple and accurate. With the various plates, large and small kernels may be planted at any desired distance and there will be no skips. An implement that will pay for itself because of its accurate work. Both one and two row planters from **\$16.00 to 75.00**

NEW DEERE DISC HARROW

In this disc harrow the frame and gang frame are built entirely of steel, giving extra strength and rigidity. The discs are correctly shaped to perform the work intended of them. The scrapers are operated by means of the treadle, always under control of the operator. Hard maple bearings are used throughout. A splendid implement. Note our low price of **\$48.75**

On account of the low price we are making during this sale, and the small margin of profit for us, just insist on cash, as we cannot sell at these prices and carry the account. With a good season in ground, the best in years, every farmer will want the necessary implements to do the most labor in the best manner, and cultivate the largest acreage possible. This is the year to make the BIG P. Will you be "penny wise and pound foolish," in attempting to work without the necessary? Don't do it.

Our blacksmith shop is the best equipped in Torrance county. We have power machinery, which in itself guarantees the best of work. Add to this experienced workmen, and we do not hesitate to say that we can and do turn out the best and most work of any shop in the country. And our prices are reasonable, when present prices of material and workmanship are considered. We have on hand a number of Windmills, which we will price below present cost. Also casing, piping and pumps. Don't buy until you get our prices on these.
